Professional Summary

Aspiring Data Analyst with hands-on experience in SQL, Python, Power BI, and Microsoft Excel. Skilled in data cleaning, Exploratory Data Analysis (EDA), dashboard development, and business reporting through academic projects and a Data Analyst internship. Passionate about transforming raw data into actionable insights and eager to contribute to data-driven decision-making in a growth-oriented organization.

Skills

Technical Skills:

- **Programming & Databases** : Python (NumPy, Pandas), SQL (MySQL, JOINS, Subqueries, CTEs, Window Functions).
- **Data Visualization** : Excel (Pivot Tables, XLOOKUP, Charts), Power BI (DAX, Power Query, Data Modeling)
- **Data Analysis** : Data Cleaning, Data Wrangling, Exploratory Data Analysis (EDA), Statistics, Trend Analysis
- **Business Intelligence**: Dashboard Development, KPI Analysis, Data Interpretation, Business Reporting.

Soft Skills :

- Good Communication, Analytical Thinking, Problem Solving, Time Management, Team Collaboration, Adaptability.

Experience

Data Analyst Intern | Rubixe |

Oct 2025 – Apr 2026

- Analyzed 510,000+ marketing and customer records using SQL, Python, and Excel to identify customer behavior and business trends.
- Performed EDA using Python (Pandas and NumPy) to clean, transform, and analyze large datasets.
- Wrote SQL queries using JOINS, GROUP BY, WHERE, HAVING, CTEs, Aggregate Functions to extract business insights.
- Built interactive Power BI dashboards to monitor KPIs, customer segmentation, performance and sales trends.
- Created reports and visualizations that helped stakeholders make data-driven business decisions.
- Collaborated with team members to validate data quality, improve reporting accuracy, and deliver project requirements on time.

Projects

Purchase Pattern Analytics |Tools: Python, Pandas, NumPy, Power BI| [GitHub](#)

- Analyzed 510,000+ transactional records to identify sales trends.
- Performed data cleaning, and transformation on large dataset using Python (Pandas, NumPy).
- Built interactive Power BI dashboards to monitor KPIs and sales performance.
- Generated business insights that supported data-driven decision-making.

Customer Data Analysis | Tools : Power BI, Excel, SQL| [GitHub](#)

- Analyzed retail 10,000+ data from 10 shopping malls (2021-2023).
- Designed interactive dashboards to track sales, customers, and revenue.
- Performed customer segmentation and sales trend analysis.
- Created KPI reports to help monitor business performance.

Medical Data History | Tool: SQL| [GitHub](#)

- Analyzed 5,000+ healthcare records using SQL queries.
- Used JOIN, GROUP BY, aggregate functions and subqueries for analysis.
- Created reports to identify patient and treatment trends.
- Supported healthcare decision-making through data insights.

Education

Anantha Lakshmi Institute of Technology and Sciences, Ananthapur - (2020-2023)

Bachelor of Technology (B.tech) in Electrical and Electronics Engineering

CGPA : 7.6/10

Certificates

Certified Data Analyst - Datamites Institute (2026)

IABAC Certified Data Analyst (2026)
